

Adhesive tape H20

Backing	Kapton film
Adhesive	Silicon
Dimensions	Width on request (tolerance ± 0.2 mm) Rolls length (standard) 50 mts Inner core 76 mm ($\pm 3\%$)
Standard colour	Kapton brown color
Application	Motors Transformers

Thermal class	180°C – H (short time 300°C)
----------------------	------------------------------

Technical data		Values	
		Not lower than	Typical
Backing thickness	μm		25 \pm 10 %
Total thickness	μm		60 \pm 10 %
Peel adhesion	N/cm		3.0
Elongation	%		60
Tensile strength	N/cm		45
Breakdown voltage	kV	7.0	

Storage	6 months
Test methods	AFERA, PSTC, IEC EN 60454-2
