

Adhesive tape NP155AC (technical data sheet) (PX50-19F)

Backing	Polyester film (0.023) + Nomex Paper (0.05)
Adhesive	Rubber thermosetting
Dimensions	Width on request (tolerance ± 0.2 mm) Rolls length (standard) 50 mts Inner core 76 mm ($\pm 3\%$)
Standard colour	Cream (Nomex colour)
Application	Motors Transformers

Thermal class	155°C – F
---------------	-----------

Technical data		Values	
		Not lower than	Typical
Backing thickness	μm		80 \pm 10 %
Total thickness	μm		130 \pm 10 %
Peel adhesion	N/cm		4.5
Elongation	%		15
Tensile strength	N/cm		70
Breakdown voltage	kV	5.5	

Storage	6 months
Test methods	AFERA, PSTC, IEC EN 60454-2
