

Adhesive tape P130TS (technical data sheet) (P31-11B)

Backing	Polyester film
Adhesive	Rubber thermosetting
Dimensions	Width on request (tolerance ± 0.2 mm) Rolls length (standard) 50 mts Inner core 76 mm ($\pm 3\%$)
Standard colour	Sun Yellow (standard)
Application	Motors Transformers

Thermal class	130°C – B
---------------	-----------

Technical data		Values	
		Not lower than	Typical
Backing thickness	μm		23 \pm 10 %
Total thickness	μm		60 \pm 10 %
Peel adhesion	N/cm		4.5
Elongation	%		90
Tensile strength	N/cm		40
Breakdown voltage	kV	4.5	

Storage	6 months
Test methods	AFERA, PSTC, IEC EN 60454-2
