

Adhesive tape PT130TS (technical data sheet)

Backing	Polyester film + Mat (nonwoven cloth)
Adhesive	Rubber thermosetting
Dimensions	Width on request (tolerance ± 0.2 mm) Rolls length (standard) 50 mts Inner core 76 mm ($\pm 3\%$)
Standard colour	White
Application	Motors Transformers

Thermal class	130°C – B
---------------	-----------

Technical data		Values	
		Not lower than	Typical
Backing thickness	μm		90 \pm 10 %
Total thickness	μm		130 \pm 10 %
Peel adhesion	N/cm		5.0
Elongation	%		15
Tensile strength	N/cm		25
Breakdown voltage	kV	4.8	

Storage	6 months
Test methods	AFERA, PSTC, IEC EN 60454-2
